

Percent of T/RBHA-Enrolled TXIX/XXI Children with Functioning Child and Family Teams

This graph indicates the percent of T/RBHA-enrolled TXIX/XXI children with functioning Child and Family Teams (CFT) by T/RBHA. It also indicates the percent of functioning CFTs reported over 18 months, in 6 month intervals to compare participation in CFTs over time.

**Statewide Trend of CFT's by Percent of Enrollment
July 2005 - December 2006**

This graph indicates the percent of T/RBHA-enrolled TXIX/XXI children with functioning CFTs statewide and how the rate has changed over 18 months, in 6 month intervals. The T/RBHAs are responsible for establishing development targets for CFTs so the number of CFTs grows in a positive direction and on a steady basis.
